## Message

It is indeed a happy feeling to note that Society for Advancement of Science and Social Environment is holding its award ceremony on March 31, 2024. The SASSE has invited nominations in different categories of knowledge and experimentations viz. Scientific, Teaching, Technical Administrative and Research. I am sure that the felicitations of the scholars in these categories shall not only add to the environment for a healthy competition but also inspire the stakeholders for developing better research, academic and administrative acumen in the fields concerned.

I believe that the award ceremony shall prove to be a seminal platform for knowledge sharing and discussing the research outcomes.

I extend my best wishes and greet the awardees and the organizing team.

Dated: 19.03.2024

  
(Prof. Alok Kumar Rai)
